

EDUCATION

- **Kandivali Education Society B.K Shroff college** Kandivali ,Mumbai
Master of Science in Information Technology *july 2026 – August 2028*
- **Smt. Nathaibai Damodar Thackersey Women's University,Mumbai** Churchgate,Mumbai
Bachelor of Science in Information Technology; (7.6/10.0) *Aug. 2023 – July 2026*

EXPERIENCE

- **Web Development Intern** Remote
She Can Foundation *june 2026*
 - Developed a responsive web form using HTML, CSS, and JavaScript as part of the Full Stack Development Internship Task.:
 - Implemented user input fields including Name, Email, and Message with form submission functionality.:
 - Added client-side JavaScript functionality to display successful form submission feedback.:
 - Practiced frontend development concepts including form handling, UI design, and responsive layouts.:

PROJECTS

- **Disease Prediction System:** Developed an AI-powered healthcare application using Machine Learning to predict diseases based on user symptoms. Built an interactive web interface for symptom analysis and prediction visualization.
GitHub: <https://github.com/JyotikaUppar/DiseasePrediction>
- **Daily DSA Tracker:** Created a platform for practicing and tracking Data Structures and Algorithms problems. Implemented progress monitoring and organized problem-solving workflows to strengthen coding interview preparation.
GitHub: <https://github.com/JyotikaUppar/dailydsa>
- **Construction Management System:** Developed a full-stack construction project management application for tracking projects, resources, and workflows. Built backend functionality and database integration for efficient project handling.
GitHub: <https://github.com/JyotikaUppar/Construction>
- **FaceTrace:** Built a facial recognition and face-tracking application using Computer Vision techniques. Implemented real-time face detection and tracking functionalities for image and video processing.
GitHub: <https://github.com/JyotikaUppar/FaceTrace>

TECHNICAL SKILLS

- **Languages:** Python, Java, JavaScript, SQL, HTML5, CSS3, Dart
- **Frameworks & Libraries:** React.js, Next.js, Django, Bootstrap, Flutter
- **Databases:** MySQL, SQLite, MongoDB
- **Tools:** Git, GitHub, VS Code, Postman
- **Core Concepts:** Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks
